

Parkway unit in Korea clinical research MOU

The Business Times

21 April 2010

PARKWAY Holdings said its subsidiary GleneaglesCRC Pte Ltd has entered into a memorandum of understanding (MOU) with the Clinical Trial Centre of Severance Hospital Yonsei, University Health System in South Korea, to jointly provide high-quality and value-added clinical research services in the Asia-Pacific region. Both parties intend to enter into a cooperative relationship to provide comprehensive and high-quality clinical research services to global pharmaceutical and biopharmaceutical companies. They will embark on joint marketing efforts to promote each other's services to these companies.
