

FACT SHEET

MOUNT ELIZABETH HOSPITAL

In the heart of Singapore's prime shopping district of Orchard Road lies **Mount Elizabeth Hospital**. One of the region's largest hospitals, it provides a wide range of medical and surgical services.

Renowned for the in-depth expertise of its specialists and state-of-the-art technology, its reputation goes beyond Asia, as it continues to perform the largest number of cardiac and neurosurgeries in the private sector regionally.

This 357-bed private tertiary acute care hospital has Asia's highest concentration of cardiologists and cardiac surgeons, neurologists and neurosurgeons, as well as general surgeons and many other tertiary services. It is the first private hospital in Singapore to offer cardiac catheterisation, cardiac and neurosurgery and other advanced procedures.

ACHIEVEMENTS: Currently holds the record for performing the most number of open-heart surgeries and neurosurgeries in the private sector in Singapore.

1993 - First hospital in Asia to successfully perform a cardiomyoplasty procedure and transmural revascularisation procedure with the heart laser.

2004 - First hospital in Southeast Asia to install and use the PET-CT (Positron Emission Tomography - Computed Tomography) scanner, a highly advanced diagnostic tool for scanning tumours.

2008 - First hospital in Asia outside of Japan to use the state-of-the-art new generation Aquilion ONE CT scanner.

AWARDS:

Accreditation with Joint Commission International

Received accreditation from the international accreditation arm of the US-based Joint Commissions on Accreditation of Healthcare Organisations (JCAHO) which represents a worldwide consensus on quality patient care.

Singapore Quality Class

A reflection of the organisation's commitment in applying a model of excellence to adopt a total approach in managing people, processes and customers to achieve better results.

Healthier Canteen Award

This award from the Health Promotion Board reflects the hospital's and its F&B department's dedication to staff health by providing healthier food at the staff canteen.
